TOWN SPORTS INTERNATIONAL HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(All figures \$'000s except share and per share data)
(Unaudited)

1. Basis of Presentation

Town Sports International Holdings, Inc. and Subsidiaries (the “Company” or “TSI Holdings”) owns and operates 150 fitness clubs (“clubs”) and partly owns and operates two additional clubs as of March 31, 2007. The Company operates in a single segment. The Company operates 102 clubs in the New York metropolitan market, 21 clubs in the Boston market, 19 clubs in the Washington, D.C. market, seven clubs in the Philadelphia market and three clubs in Switzerland. The Company’s geographic concentration in the New York metropolitan market may expose the Company to adverse developments related to competition, demographic changes, real estate costs, acts of terrorism and economic down turns.

Effective June 30, 2006, Town Sports International, Inc., a wholly owned subsidiary of TSI Holdings, merged with and into TSI Club, LLC, a New York limited liability company (the “Merger”). TSI Club, LLC was the surviving entity in the Merger and changed its name to Town Sports International, LLC (“TSI LLC”). TSI Holdings is the sole member of TSI LLC.

The condensed consolidated financial statements included herein have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”). The condensed consolidated financial statements should be read in conjunction with TSI Holdings’ December 31, 2006 consolidated financial statements and notes thereto, included on Form 10-K, as filed on March 13, 2007 with the SEC. The year-end condensed balance sheet data was derived from audited financial statements, but does not include all disclosures required by accounting principles generally accepted in the United States of America (“GAAP”). Certain information and footnote disclosures that are normally included in financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to SEC rules and regulations. The information reflects all adjustments which, in the opinion of management, are necessary for a fair presentation of the financial position and results of operations for the interim periods set forth herein. The results for the three months ended March 31, 2007 are not necessarily indicative of the results for the entire year ending December 31, 2007.

2. Initial Public Offering

The registration statement filed in connection with the Company’s Initial Public Offering (“IPO”), as filed with the SEC, was declared effective on June 1, 2006. The Company’s shares of common stock (“Common Stock”) began trading on the NASDAQ Stock Market on June 2, 2006 under the symbol CLUB. In connection with the IPO, the Board of Directors approved a 14 for 1 common stock split. All share and per share data have been adjusted to reflect this stock split. The Company closed this transaction and received proceeds on June 7, 2006. The IPO consisted of 8,950,000 shares of common stock, including 7,650,000 shares issued by the Company and 1,300,000 shares sold by certain selling stockholders to certain specified purchasers. The Company’s sale of 7,650,000 shares of common stock resulted in net proceeds of \$91,750. These proceeds are net of underwriting discounts and commissions and offering costs payable by the Company totaling \$7,700. The IPO proceeds were used for the redemption of 35% of the aggregate principal amount of the Company’s outstanding 11% Senior Discount Notes due 2014, and the remainder of the proceeds together with cash on hand was used to consummate the tender offer for \$85,001 of TSI LLC’s 9 5/8% Senior Notes due 2011.

3. Recent Accounting Pronouncements

In September 2006, the FASB issued Statement of Financial Accounting Standards (“SFAS”) No. 157, *Fair Value Measurements* (“SFAS 157”), which defines fair value, establishes a framework for measuring fair value in accordance with GAAP, and expands disclosures about fair value measurements. SFAS 157 is effective January 1, 2008 for the Company. We are currently evaluating the impact of SFAS 157 on our Consolidated Financial Statements.

Table of Contents

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities Including an amendment of FASB No. 115* (“SFAS 159”), which permits entities to choose to measure many financial instruments and certain other items at fair value. The objective is to improve financial reporting by mitigating volatility in reported earnings caused by measuring related assets and liabilities separately. SFAS 159 is effective January 1, 2008 for the Company. We are currently evaluating the impact of SFAS 159 on our Consolidated Financial Statements.

4. Long-Term Debt

	December 31, 2006 (\$'000s)	March 31, 2007 (\$'000s)
Term Loan Facility	\$ —	\$185,000
9 5/8% Senior Notes	169,999	—
11.0% Senior Discount Notes due 2014 (Payment-in-Kind Notes)	110,850	113,811
Notes payable for acquired businesses	280	201
	<u>281,129</u>	<u>299,012</u>
Less, current portion to be paid within one year	181	1,999
Long-term portion	<u>\$ 280,948</u>	<u>\$297,013</u>

The Company had a senior secured revolving credit facility (the “Senior Credit Facility”) of \$75.0 million that was to mature April 15, 2008. On February 27, 2007, the Senior Credit Facility was replaced with a \$75,000 revolving credit facility (the “Revolving Loan Facility”) (see below for details).

On February 27, 2007, the Company entered into a \$260,000 senior secured credit facility (“New Senior Credit Facility”). The New Senior Credit Facility consists of a \$185,000 term loan facility (the “Term Loan Facility”) and the Revolving Loan Facility and an incremental term loan commitment facility in the maximum amount of \$100,000, which borrowing thereunder is subject to compliance with certain conditions precedent and by TSI and agreement upon certain terms and conditions thereof between the participating lenders and TSI. The Revolving Loan Facility replaced the Senior Credit Facility.

The proceeds of the Term Loan Facility were used to purchase \$169,999 aggregate principal amount of TSI LLC’s 9 5/8% Senior Notes outstanding, together with applicable tender or call premiums. The Company incurred \$8,759 of tender premium and \$215 of call premium together with \$335 fees and expenses related to the tender of the 9 5/8% Senior Notes. Net deferred financing costs related to the Senior Credit Facility and the 9 5/8% Senior Notes totaling approximately \$3,212 were expensed in the first quarter of 2007. The loss on extinguishment of debt is summarized as follows:

Tender premium	\$ 8,759
Call premium	215
Write-off of deferred financing costs related to the Senior Credit Facility and 9 5/8% Senior Notes	3,212
Fees and expenses	335
Loss on early extinguishment of debt	<u>\$ 12,521</u>

The New Senior Credit Facility contains various covenants including the maintenance of a maximum permitted total leverage ratio, if any loans or letters of credit under the facility are outstanding. As of March 31, 2007, the Company was in compliance with its debt covenants under the related credit agreement. These covenants may limit TSI’s ability to incur additional debt. As of March 31, 2007, permitted borrowing capacity of \$75,000 was not restricted by the covenants.

Borrowings under the Term Loan Facility will, at TSI’s option, bear interest at either the administrative agent’s base rate plus 0.75% or its Eurodollar rate plus 1.75%, each as defined in the related credit agreement. The interest rate was 7.125% as of March 31, 2007. The Term Loan Facility matures on the earlier of February 27, 2014, or August 1, 2013, if the Company’s 11% Senior Discount Notes due 2014 are still outstanding. TSI is required to repay 0.25% of principal, or \$463 per quarter beginning on June 30, 2007.

The Revolving Loan Facility expires on February 27, 2012 and borrowings under the facility currently, at TSI’s option, bear interest at either the administrative agent’s base rate plus 1.25% or the Eurodollar rate plus 2.25% as defined in the related credit agreement. TSI’s applicable base rate and Eurodollar rate margins, and commitment commission percentage vary with the Company’s consolidated secured

Table of Contents

leverage ratio, as defined in the related credit agreement. As of March 31, 2007, TSI LLC is required to pay a commitment fee of 0.50% per annum on the daily unutilized amount. The Revolving Loan Facility contains a maximum total leverage covenant ratio, as defined, which covenant is subject to compliance, on a consolidated basis, only during the period in which borrowings and letters of credit are outstanding thereunder. There were no borrowings outstanding at March 31, 2007 and outstanding letters of credit issued totaled \$10,937. The unutilized portion of the Revolving Loan Facility as of March 31, 2007 was \$64,063.

5. Earnings (Loss) Per Share

Basic earnings (loss) per share is computed by dividing net income (loss) applicable to common shareholders by the weighted average numbers of shares of common stock outstanding during the period. Diluted earnings (loss) per share is computed similarly to basic earnings (loss) per share, except that the denominator is increased for the assumed exercise of dilutive stock options using the treasury stock method. The effect of the shares issuable upon the exercise of stock options were not included in the calculation of diluted EPS for the three months ended March 31, 2006 and 2007, respectively, as they were antidilutive. The number of equivalent shares excluded totaled 231,588 and 546,226 for the three months ended March 31, 2006 and 2007, respectively.

6. Stock-Based Compensation

On May 30, 2006, the Board of Directors of the Company approved the 2006 Stock Incentive Plan. The 2006 Stock Incentive Plan authorizes the Company to issue up to 1,300,000 shares of Common Stock to employees, non-employee directors and consultants pursuant to awards of stock options, stock appreciation rights, restricted stock, in payment of performance shares or other stock-based awards. Under the 2006 Stock Incentive Plan, stock options must be granted at a price at least equal to the fair market value of the stock on the date the option is granted, generally are not subject to re-pricing, and will not be exercisable more than ten years after the date of grant.

Options granted under the 2004 Common Stock Option Plan generally qualify as “incentive stock options” under the U.S. Internal Revenue Code. Options granted under the 2006 Stock Option Plan generally qualify as “non-qualified stock options” under the U.S. Internal Revenue Code. The exercise price of a stock option is not less than the fair market value of the Company’s common stock on the option grant date.

On March 28, 2007, the Company issued 8,000 stock options under the 2006 Stock Incentive Plan to certain members of the Board of Directors of the Company. These stock options were issued at an exercise price of \$21.75, the fair market value on the grant date. The value of each option was \$10.38 calculated using the Black-Scholes option pricing model with an expected volatility of 45.0%, dividend yield of 0.0%, a risk free interest rate of 4.54% and an expected term of 5.5 years.

At March 31, 2007, the Company has 866,280 and 473,160 stock options outstanding under its 2004 Common Stock Option Plan and 2006 Stock Incentive Plan, respectively. The total compensation expense, classified within Payroll and related on the condensed statements of operations, related to these plans was \$43 and \$169 for the three months ended March 31, 2006 and 2007, respectively.

As of March 31, 2007, a total of \$2,501 unrecognized compensation cost related to stock options is expected to be recognized, depending upon the likelihood that accelerated vesting targets are met in future periods, over a weighted-average period of 3.6 years.

7. Goodwill and Other Intangibles

Goodwill has been allocated to reporting units that closely reflect the regions served by our four trade names; New York Sports Clubs, Boston Sports Clubs, Washington Sports Clubs and Philadelphia Sports Clubs, with certain more remote clubs that do not benefit from a regional cluster being considered single reporting units.

In each of the quarters ended March 31, 2006 and 2007, the Company performed its annual impairment test. Goodwill impairment testing requires a comparison between the carrying value and fair value of reportable goodwill. If the carrying value exceeds the fair value, goodwill is considered impaired. The amount of the impairment loss is measured as the difference between the carrying value and the implied fair value of goodwill, which is determined using discounted cash flows. The 2006 and 2007 impairment tests supported the recorded goodwill balances and as such no impairment of goodwill was required. The change in the carrying amount of goodwill from December 31, 2006 through March 31, 2007 is as follows:

Balance as of December 31, 2006	\$ 50,112
Changes due to foreign currency exchange rate fluctuations	(5)
Balance as of March 31, 2007	<u>\$ 50,107</u>

	As of December 31, 2006 (\$'000s)		
	Gross Carrying Amount	Accumulated Amortization	Net Intangibles
Acquired Intangible Assets			
Membership lists	\$ 12,146	\$ (11,389)	\$ 757
Covenants-not-to-compete	1,151	(1,004)	147
Beneficial lease	223	(205)	18
	<u>\$ 13,520</u>	<u>\$ (12,598)</u>	<u>\$ 922</u>

	As of March 31, 2007 (\$'000s)		
	Gross Carrying Amount	Accumulated Amortization	Net Intangibles
Membership lists	\$ 12,146	\$ (11,525)	\$ 621

Beneficial lease	223	(208)	15
	<u>\$ 13,520</u>	<u>\$ (12,751)</u>	<u>\$ 769</u>

The amortization expense of the above acquired intangible assets for each of the three years ending March 31, 2010 is as follows:

Aggregate Amortization Expense for the twelve months ending March 31, (\$'000s)	
2008	\$ 390
2009	356
2010	23
	<u>\$ 769</u>

Amortization expense for the three months ended March 31, 2006 and 2007 amounted to \$172 and \$153, respectively.

8. Income Taxes

The Company adopted Financial Accounting Standards Board Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* (“FIN 48”) on January 1, 2007. FIN 48 clarifies the accounting for uncertainty in income taxes by prescribing a minimum probability threshold that a tax position must meet before a financial statement benefit is recognized. FIN 48 requires that a Company recognize in their consolidated financial statements the impact of a tax position, if that position is more likely than not of being sustained on audit, based on the technical merits of the position. The Company did not have a change to the liability for unrecognized tax benefits as a result of the implementation. At the adoption date of January 1, 2007, the Company had \$1,155 of unrecognized tax benefits. Of this total, \$751 represents the amount of unrecognized tax benefits that, if recognized, would affect the Company’s effective tax rate in any future periods. The Company does not anticipate the total amount of unrecognized benefits will significantly change by December 31, 2007.

The Company recognizes both interest accrued related to unrecognized tax benefits and penalties in income tax expenses. This policy is upon adoption of FIN 48. The Company has no accruals for interest or penalties as of January 1, 2007.

The Company files Federal income tax returns, foreign jurisdiction return and multiple state and local jurisdiction tax returns. The state of New York is currently examining years 2003, 2004 and 2005. The Company is no longer subject to examinations of its Federal income tax returns by the Internal Revenue Service for years 2000 and prior.

9. Commitments and Contingencies

On March 1, 2005, in an action styled *Sarah Cruz, et ano v. Town Sports International, Inc.* , plaintiffs commenced a purported class action against the Company in the Supreme Court, New York County, seeking unpaid wages and alleging that TSI LLC violated various overtime provisions of the New York State Labor Law with respect to the payment of wages to certain trainers and assistant fitness managers. On or about November 2, 2005, the complaint and the lawsuit was stayed upon agreement of the parties pending mediation. On or about November 28, 2006, the plaintiffs gave notice that they wished to lift the stay. On or about February 7, 2007, the plaintiffs made a motion requesting leave to file a Second Amended Complaint which seeks to add to the purported class all New York hourly employees and additional alleged violations of the provisions of the New York State Labor Law with respect to the payment of wages. TSI LLC has opposed that motion and has agreed to mediate with respect to such employees. While we are unable to determine the ultimate outcome of the above actions, we intend to contest the case vigorously. Depending upon the ultimate outcome, this matter may have a material effect on TSI LLC’s consolidated financial position, results of operations or cash flows.

TSI LLC and several other third parties have been named as defendants in an action styled *Carlos Urbina et ano v. 26 Court Street Associates, LLC et al.*, filed in the Supreme Court, New York County, on June 12, 2001, seeking damages for personal injuries. Following a trial, TSI LLC received a directed verdict for indemnification against one of TSI LLC’s contractors and the plaintiffs received a jury verdict

Table of Contents

of approximately \$8.9 million in their favor. Both of those verdicts are being appealed and TSI LLC has filed an appeal bond in the amount of \$1.8 million in connection with those appeals. TSI LLC is vigorously opposing the appeal of the directed verdict and prosecuting the appeal of the jury verdict, which appeals were argued on May 16, 2006. Depending on the ultimate outcome, this matter may have a material effect on TSI LLC's consolidated financial position, results of operations or cash flows.

We are engaged in other legal actions arising in the ordinary course of business and believe that the ultimate outcome of these actions will not have a material effect on the TSI LLC's consolidated financial position, results of operations or cash flows.

10. Investments in Affiliated Companies

The Company has investments in Capitol Hill Squash Club Associates ("CHSCA") and Kalorama Sports Managements Associates ("KSMA") (collectively referred to as the "Affiliates"). The Company has a limited partnership interest in CHSCA, which provides the Company with approximately 20% of the CHSCA profits, as defined. The Company has a co-general partnership and limited partnership interests in KSMA, which entitles it to receive approximately 45% of KSMA's profits, as defined. The Affiliates have operations, that are similar, and related to, those of the Company. The Company accounts for these Affiliates in accordance with the equity method. The assets, liabilities, equity and operating results of CHSCA and the Company's pro rata share of CHSCA's net assets and operating results were not material for all periods presented. KSMA's balance sheets for the periods presented are not material to the Company's balance sheets for these respective periods. Total revenue, income from operations and net income of KSMA for the three months ending March 31, 2006 and 2007 are as follows:

	Three months ended March 31, (\$'000s)	
	2006	2007
Revenue	\$906	\$900
Income from operations	367	373
Net income	347	348

11. Guarantors

All of TSI LLC's domestic subsidiaries have unconditionally guaranteed the New Senior Credit Facility discussed in Note 4, however, TSI LLC's foreign subsidiary has not provided guarantees for the credit facility.

Each guarantor of the New Senior Credit Facility is a wholly owned subsidiary of TSI LLC. The guarantees are full and unconditional and joint and several. The following schedules set forth condensed consolidating financial information as required by Rule 3-10(d) of Securities and Exchange Commission Regulation S-X at December 31, 2006 and March 31, 2007, and for the three months ended March 31, 2006 and 2007.

ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Introduction

We are one of the two leading owners and operators of fitness clubs in the Northeast and Mid-Atlantic regions of the United States and the fourth largest fitness club operator in the United States, in each case as measured by number of clubs. As of March 31, 2007, we owned and operated 150 fitness clubs and partly owned and operated two fitness clubs. These 152 clubs collectively served approximately 476,000 members. We have developed and refined our fitness club model through our clustering strategy, offering fitness clubs close to our members' work and homes. Our club model targets the "upper value" market segment, comprising individuals aged between 21 and 50 with income levels between \$50,000 and \$150,000 per year. We believe that the upper value segment is not only the broadest segment of the market, but also the segment with the greatest growth opportunities.

Our goal is to be the most recognized health club network in each of the four major metropolitan regions we serve. We believe that our strategy of clustering clubs provides significant benefits to our members and allows us to achieve strategic operating advantages. In each of our markets, we have developed clusters by initially opening or acquiring clubs located in the more central urban markets of the region and then branching out from these urban centers to the suburbs and neighboring communities. Capitalizing on this clustering of clubs, as of March 31, 2007, approximately 42% of our members participated in our Passport Membership plan that allows unlimited access to all of our clubs in our clusters for a higher monthly membership fee. The remaining 58% of our members participate in a Gold Membership plan that allows unlimited access to a designated club and limited access to all of our clubs.

We have executed our clustering strategy successfully in the New York region through the network of fitness clubs we operate under our New York Sports Clubs brand name. We are the largest fitness club operator in Manhattan with 39 locations (more than twice as many as our nearest competitor) and operated a total of 102 clubs under the New York Sports Clubs brand name within a 75-mile radius of New York City as of March 31, 2007. We operated 21 clubs in the Boston region under our Boston Sports Clubs brand name, 19 clubs in the Washington, D.C. region under our Washington Sports Clubs brand name and seven clubs in the Philadelphia region under our Philadelphia Sports Clubs brand name as of March 31, 2007. In addition, we operated three clubs in Switzerland as of March 31, 2007. We employ localized brand names for our clubs to create an image and atmosphere consistent with the local community and to foster recognition as a local network of quality fitness clubs rather than a national chain.

We consider that we have two principal sources of revenue:

- Our largest sources of revenue are dues and initiation fees paid by our members. This comprises 81.4% of our total revenue for the quarter ended March 31, 2007. We recognize revenue from membership dues in the month when the services are rendered. Approximately 94.0% of our members pay their monthly dues by Electronic Funds Transfer, or EFT, while the balance is paid annually in advance. We recognize revenue from initiation fees over the expected average life of the membership. Prior to January 1, 2006, the expected average life of a membership was 24 months. Effective January 1, 2006, we have revised this estimate to be 30 months based on more favorable membership attrition trends.
- For the quarter ended March 31, 2007, we generated 12.0% of our revenue from personal training and 5.7% of our revenue from other ancillary programs and services consisting of programming for children, group fitness training and other member activities, as well as sales of miscellaneous sports products.

The balance of our revenue (approximately 0.9% for the quarter ended March 31, 2007) principally relates to rental of space in our facilities to operators who offer wellness-related offerings such as physical therapy. In addition, we sell in-club advertising and sponsorships and generate management fees from certain club facilities that we do not wholly own. We refer to this as Fees and Other revenue.

Table of Contents

Revenue (in \$'000s) is comprised of the following:

	Three Months Ended March 31,			
	2006		2007	
Membership dues	\$ 83,139	79.9%	\$ 90,984	78.9%

Total revenue	<u>\$104,027</u>	<u>100.0%</u>	<u>\$115,377</u>	<u>100.0%</u>

Our revenues, operating income and net loss for the three months ended March 31, 2007 were \$115.4 million, \$12.4 million and \$3.8 million, respectively. Our revenues, operating income and net loss for the three months ended March 31, 2006 were \$104.0 million, \$10.4 million and \$135,000, respectively.

Our operating and selling expenses are comprised of both fixed and variable costs. Fixed costs include club and supervisory salary and related expenses, occupancy costs including certain elements of rent, housekeeping and contracted maintenance expenses, as well as depreciation. Variable costs are primarily related to payroll associated with ancillary club revenue, membership sales compensation, advertising, utilities, certain facility repairs, insurance and club supplies.

General and administrative expenses include costs relating to our centralized support functions, such as accounting, information systems, purchasing and member relations, as well as consulting fees and real estate development expenses.

As clubs mature and increase their membership base, fixed costs are typically spread over an increasing revenue base and operating margins tend to improve.

Our primary capital expenditures relate to the construction or acquisition of new club facilities and upgrading and expanding our existing clubs. The construction and equipment costs vary based on the costs of construction labor, as well as the planned service offerings and size and configuration of the facility. We perform routine improvements at our clubs and partial replacement of the fitness equipment each year for which we budget approximately 4.0% of annual revenue. Expansions of certain facilities are also performed from time to time, when incremental space becomes available on acceptable terms, and utilization and demand for the facility dictates. In this connection, facility remodeling is also considered where appropriate.

The following table sets forth our club growth during each of the quarters in 2006 and the first quarter of 2007.

- (2) Includes wholly owned and partly owned clubs. In addition to the above, as of December 31, 2006 and March 31, 2007, we managed five university fitness clubs in which we did not have an equity interest.

Existing Club Revenue

We define comparable club revenue as revenue at those clubs that were operated by us for over 12 months and comparable club revenue growth as revenue for the 13th month and thereafter as applicable as compared to the same period at the prior year. We define mature club revenue as revenue at those clubs that were operated by us for the entire period presented and that entire comparable period of the preceding year. Under this definition, mature clubs are those clubs that were operated for more than 24 months.

Key determinants of comparable club revenue growth are new memberships, member retention rates, pricing and ancillary revenue growth. The commit membership model that we implemented in 2003 encourages new members to commit to a one- or two-year membership at a discount to the month-to-month plan and with a discounted initiation fee. Since the implementation of the new membership model, attrition rates have declined and comparable club revenues have increased.

Comparable club revenue growth was 7.8% for the three months ended March 31, 2007. Mature club revenue growth was 5.8% for the three months ended March 31, 2007.

Three Months Ended March 31, 2007 Compared to Three Months Ended March 31, 2006

Revenues. Revenues increased \$11.4 million, or 10.9%, to \$115.4 million during the three months ended March 31, 2007 from \$104.0 million in the three months ended March 31, 2006. Revenues increased during the three months by \$5.7 million, or 5.8%, at the Company's mature clubs. During the three months, revenue increased \$5.9 million at the 18 clubs opened or acquired subsequent to March 31, 2005. These increases in revenue were offset by a \$508,000 revenue decrease related to the two clubs that were closed and/or relocated subsequent to April 1, 2006.

Comparable club revenue increased 7.8% during the three months ended March 31, 2007 when compared to the same period of the prior year. This increase in comparable club revenue is due to a 4.5% increase in membership, a 0.9% increase in price and a 2.4% increase related to ancillary revenue and other revenue recognized.

Table of Contents

Operating Expenses. Operating expenses increased \$9.4 million, or 10.0%, to \$103.0 million in the three months ended March 31, 2007, from \$93.6 million in the three months ended March 31, 2006. The increase was due to the following factors:

Payroll and related expenses increased by \$3.9 million, or 9.4%, to \$44.8 million in the three months ended March 31, 2007, from \$40.9 million in the three months ended March 31, 2006. This increase was attributable to a 4.5% increase in the total months of club operation from 426 to 445 as well as the following:

- Payroll costs directly related to our personal training, Group Exclusive, and Sports Club for Kids programs increased \$939,000 or 10.4%, due to an increase in demand for these programs.
- There was an offset to these increases due to a charge in the three months ended March 31, 2006 relating to severance packages to our Chairman and certain employees totaling \$1.6 million. The total costs of these severance packages were recorded in the three months ended March 31, 2006 while no such costs were incurred in the three months ended March 31, 2007.

Club operating expenses increased by \$4.9 million, or 14.2%, to \$39.4 million in the three months ended March 31, 2007, from \$34.5 million in the three months ended March 31, 2006. This increase was principally attributable to the following:

- Rent and occupancy expenses increased \$2.4 million. Rent and occupancy costs at clubs that have opened since January 1, 2006, or that are currently under construction, increased \$1.9 million. The remaining \$600,000 increase in rent and occupancy expenses relates to our clubs that were open prior to January 1, 2006.
- Advertising and marketing expenses increased \$1.1 million, as we expended \$3.3 million in the three months ended March 31, 2007 compared to \$2.2 million in the three months ended March 31, 2006, based in part on specific marketing plans executed throughout the first quarter.
- As part of a customer service initiative, we have outsourced towel laundry service in 22 clubs in the three months ended March 31, 2007. As our clubs have become more intensely clustered in our markets, and member cross usage becomes more prevalent, we have found it increasingly necessary to offer these services at more of our clubs. Accordingly, we have experienced a \$609,000 increase in laundry expenses during the three months ended March 31, 2007 when compared to the three months ended March 31, 2006.

General and administrative expenses were \$7.8 million during the three months ended March 31, 2007 compared to \$7.9 million in the three months ended March 31, 2006. In the first quarter of 2006, we incurred \$569,000 of costs related to the examination of strategic and financing alternatives. No such costs were incurred in the three months ended March 31, 2007.

Depreciation and amortization increased 705,000 to \$11.1 million in the three months ended March 31, 2007 from \$10.4 million in the three months ended March 31, 2006 principally due to new and expanded clubs.

Loss on Extinguishment of Debt. During the three months ended March 31, 2007, loss on extinguishment of debt was \$12.5 million. The proceeds from the New Senior Credit Facility (defined below) obtained on February 27, 2007, were used to repay the remaining principal of \$170.0 million of the outstanding principal of TSI LLC's 9 5/8% Senior Notes. Deferred financing costs totaling \$3.2 million were written off and fees totaling \$335,000 were incurred in connection with the extinguishment of debt.

Interest Expense. Interest expense decreased \$3.7 million to \$7.0 million during the three months ended March 31, 2007 from \$10.7 million in the three months ended March 31, 2006. This decrease is primarily a result of the June 8, 2006 redemption of \$85.0 million of 9 5/8% Senior Notes and the July 7, 2006 redemption of \$56.6 million of the 11% Senior Discount Notes due 2014.

Interest Income. Interest income decreased \$466,000 to \$259,000 in the three months ended March 31, 2007 from \$725,000 in the three months ended March 31, 2006 due to a decrease in the average cash balance in the three months ended March 31, 2007 when compared to the same period of 2006.

Provision for Corporate Income Taxes. We have recorded an income tax benefit of \$2.6 million in the three months ended March 31, 2007 compared to a provision of \$1.0 million in the three months ended March 31, 2006. We expect taxable income for the year and have recorded this benefit based on our anticipated annual tax rate. This \$3.6 million change is principally related to the effects of the loss on extinguishment of debt. In addition, in the three months ended March 31, 2006, a discrete income tax charge totaling \$657,000 was recorded to reflect the

Table of Contents

reduction in state tax assets that we believed were not more likely than not to be realized in association with the Company's use of the proceeds from its initial public offering ("IPO"), which closed on June 7, 2006.

Liquidity and Capital Resources

Historically, we have satisfied our liquidity needs through cash generated from operations and various borrowing arrangements. Principal liquidity needs have included the acquisition and development of new clubs, debt service requirements and other capital expenditures necessary to upgrade, expand and renovate existing clubs.

Operating Activities. Net cash provided by operating activities for the three months ended March 31, 2007 was \$18.9 million compared to \$34.7 million during the three months ended March 31, 2006 for a \$15.8 million or 45.6% decrease. In connection with the early extinguishment of TSI LLC's 9 5/8% Senior Notes in the three months ended March 31, 2007, the interest on TSI LLC's 9 5/8% Senior Notes was paid in February 2007 while in 2006 comparable interest was not payable until April 2006. Interest paid in the three months ended March 31, 2007 was \$6.0 million compared to \$150,000 in the three months ended March 31, 2006. In addition, the Company's cash payments for income taxes totaled \$3.9 million during the three months ended March 31, 2007. In the three months ended March 31, 2006, the Company received a \$3.6 million Federal tax refund and paid \$645,000 in state income taxes, resulting in a net tax inflow of \$3.0 million in the three months ended March 31, 2006. This represents a \$6.9 million increase in cash paid for taxes in the three months ended March 31, 2007 when compared to the three months ended March 31, 2006. Cash flow from operations in the three months ended March 31, 2007 was further adversely affected by the timing of our regular payroll payment dates when compared to the three months ended March 31, 2006.

Excluding the effects of cash and cash equivalent balances, we normally operate with a working capital deficit because we receive dues and program and services fees either (i) during the month services are rendered, or (ii) when paid-in-full, in advance. As a result, we typically do not have significant accounts receivable. We record deferred liabilities for revenue received in advance in connection with dues and services paid-in-full and for initiation fees paid at the time of enrollment. Initiation fees received are deferred and amortized over a 30-month period, which represents the approximate life of a member. At the time a member joins our club we incur enrollment costs which are deferred over 30 months. These costs typically offset the impact initiation fees have on working capital. We do not believe we will have to finance this working capital deficit in the foreseeable future, because as we increase the number of clubs open, we expect we will continue to have deferred revenue balances that reflect services and dues that are paid-in-full in advance at levels similar to, or greater than, those currently maintained. The deferred revenue balances that give rise to this working capital deficit represent cash received in advance of services performed, and do not represent liabilities that must be funded with cash.

Investing Activities. Investing activities consist primarily of construction of new clubs and the purchase of new fitness equipment. In addition, we make capital expenditures to expand and remodel our existing clubs. We finance construction and the purchase of equipment by using cash. Net cash used in investing activities was \$19.3 million and \$15.0 million during the three months ended March 31, 2007 and 2006, respectively. During the year ending December 31, 2007, we estimate we will invest a total of \$94.0 million in capital expenditures. This amount includes \$18.0 million to continue to upgrade existing clubs, \$4.0 million for the relocation of our New York main office, and \$4.0 million to enhance our management information systems. The remainder of our 2007 capital expenditures will be committed to building or expanding clubs. These expenditures will be funded by cash flow provided by operations, available cash on hand, and to the extent needed, borrowings from our Revolving Loan Facility.

Financing Activities. Net cash provided by financing activities was \$2.9 million for the three months ended March 31, 2007 compared to net cash used in financing activities of \$1.3 million in the same period in the prior year. This \$4.2 million increase in financing cash is primarily a result of our debt refinancing on February 27, 2007 (described below). The net proceeds after issuance costs from the New Senior Credit Facility of \$182.4 million, were used to repay the remaining principal of \$170.0 million of the outstanding principal of TSI LLC's 9 5/8% Senior Notes. In addition, we paid a premium and fees in connection to the extinguishment of debt of \$9.3 million.

As of March 31, 2007, our total consolidated debt was \$299.0 million. This substantial amount of debt could have significant consequences, including:

- Making it more difficult to satisfy our obligations;
- Increasing our vulnerability to general adverse economic conditions;

Table of Contents

- Limiting our ability to obtain additional financing to fund future working capital, capital expenditures, acquisitions of new clubs and other general corporate requirements;
- Requiring cash flow from operations for the payment of interest on our credit facility and reducing our ability to use our cash flow to fund working capital, capital expenditures, acquisitions of new clubs and general corporate requirements; and
- Limiting our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate.

These limitations and consequences may place us at a competitive disadvantage to other less-leveraged competitors.

On February 27, 2007, the Company entered into a \$260.0 million senior secured credit facility (the “New Senior Credit Facility”). The New Senior Credit Facility consists of a \$185.0 million term loan facility (the “Term Loan Facility”), and a \$75.0 million the revolving credit facility (the “Revolving Credit Facility”) and an incremental term loan commitment facility in the maximum amount of \$100.0 million, under which borrowing is subject to compliance with certain conditions precedent by TSI LLC and agreement upon certain terms and conditions thereof between the participating lenders and TSI LLC. The Revolving Loan Facility replaced the senior secured revolving credit facility of \$75.0 million that was to mature on April 15, 2008.

As of March 31, 2007, TSI LLC had \$185.0 million outstanding under the Term Loan Facility. Borrowings under the Term Loan Facility will, at TSI’s option, bear interest at either the administrative agent’s base rate plus 0.75% or its Eurodollar rate plus 1.75%, each as defined in the related credit agreement. The interest rate was 7.125% as of March 31, 2007. The Term Loan Facility matures on the earlier of February 27, 2014, or August 1, 2013, if the Company’s 11% Senior Discount Notes due 2014 are still outstanding. TSI is required to repay 0.25% of principal, or \$462,500 per quarter beginning on June 30, 2007.

The Revolving Loan Facility expires on February 27, 2012 and borrowings under the facility currently, at TSI’s option, bears interest at either the administrative agent’s base rate plus 1.25% or its Eurodollar rate plus 2.25%, as defined in the related credit agreement. TSI’s applicable base rate and Eurodollar rate margins, and commitment commission percentage, vary with the Company’s consolidated secured leverage ratio, as defined in the related credit agreement. TSI is required to pay a commitment fee of 0.50% per annum on the daily unutilized amount. The Revolving Loan Facility contains a maximum total leverage covenant ratio, as defined, which covenant is subject to compliance, on a consolidated basis, only during the period in which borrowings and letters of credit are outstanding thereunder. There were no borrowings outstanding under the Revolving Loan Facility at March 31, 2007 and outstanding letters of credit issued totaled \$10.9 million. The unutilized portion of the Revolving Loan Facility as of March 31, 2007 was \$64.1 million.

As of March 31, 2007, the Company was in compliance with its debt covenants in the related credit agreement and given the Company’s operating plans and expected performance for 2007, the Company expects it will continue to be in compliance during the remainder of 2007. These covenants may limit TSI’s ability to incur additional debt. As of March 31, 2007, permitted borrowing capacity of \$75.0 million was not restricted by the covenants.

As of March 31, 2007 we had \$113.8 million of 11% Senior Discount Notes due 2014 outstanding.

As of March 31, 2007, we had \$9.3 million of cash and cash equivalents.

We believe that we have, or will be able to, obtain or generate sufficient funds to finance our current operating and growth plans through the end of 2007. Any material acceleration or expansion of our plans through newly constructed clubs or acquisitions (to the extent such acquisitions include cash payments) may require us to pursue additional sources of financing prior to the end of 2007. There can be no assurance that such financing will be available, or that it will be available on acceptable terms.

Notes payable were incurred upon the acquisition of various clubs and are subject to possible post acquisition reductions arising out of operations of the acquired clubs. These notes bear interest at rates between 6% and 7% and are generally non-collateralized. The notes are due on various dates through 2009.

The aggregate long-term debt, and operating lease obligations as of March 31, 2007 were as follows:

Contractual Obligations	Payments Due by Period (in \$'000s)				
	Total	Less than 1 Year	2-3 Years	4-5 Years	After 5 Years
Long-Term Debt(1)	\$ 399,798	\$ 1,999	\$ 21,519	\$ 34,159	\$342,121
Operating Lease Obligations(2)	887,341	70,115	152,336	144,041	520,849
Total Contractual Cash Obligations	\$1,287,139	\$72,114	\$173,855	\$178,200	\$862,970

Table of Contents

Notes:

- (1) The long-term debt contractual cash obligations include principal and interest payment requirements on our Senior Discount Notes. These amounts do not include interest on the Term Loan Facility, as this interest rate is variable. The interest rate as of March 31, 2007 was 7.125% or \$13.2 million on an annualized basis.
- (2) Operating lease obligations include base rent only. Certain leases provide for additional rent based on real estate taxes, common area maintenance and defined amounts based on the operating results of the lessee.

Recent Changes in or Recently Issued Accounting Pronouncements

In September 2006, the FASB issued Statement of Financial Accounting Standards (“SFAS”) No. 157, *Fair Value Measurements* (“SFAS 157”), which defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS 157 is effective January 1, 2008, for the Company. We are currently evaluating the impact of SFAS 157 on our Consolidated Financial Statements.

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities Including an amendment of FASB No. 115* (“SFAS 159”), which permits entities to choose to measure many financial instruments and certain other items at fair value. The objective is to improve financial reporting by mitigating volatility in reported earnings caused by measuring related assets and liabilities separately. SFAS 159 is effective January 1, 2008 for the Company. We are currently evaluating the impact of SFAS 159 on our Consolidated Financial Statements.

Forward-Looking Statements

Certain statements in this report on Form 10-Q of the Company for the three month period ended March 31, 2007 are forward-looking statements, including, without limitation, statements regarding future financial results and performance, capital expenditures, liquidity and potential sales revenue. These statements are subject to various risks and uncertainties, many of which are outside the control of the Company, including the level of market demand for the Company’s services, competitive pressures, the ability to achieve reductions in operating costs and to continue to integrate acquisitions, the application of Federal and state tax laws and regulations, and other specific factors referred to in discussed herein (including under the caption “Risk Factors”) and in other SEC filings by the Company. The information contained herein represents management’s best judgment as of the date hereof based on information currently available; however, the Company does not intend to update this information, except as required by law to reflect developments or information obtained after the date hereof and disclaims any legal obligation to the contrary.

ITEM 3. *Quantitative and Qualitative Disclosures About Market Risk*

Our debt consists of both fixed and variable debt facilities. As of March 31, 2007, a total of \$185.0 million of our debt consisted of a Term Loan Facility for which borrowings are subject to variable interest rates. Borrowings under this Term Loan are for periods of 180 days or less and upon each renewal the interest rates are reset and would be considered variable. For the quarter ended March 31, 2007, this debt was outstanding for 32 days. If short-term interest rates were to have increased by 100 basis points during the three months ended March 31, 2007, our interest would have increased by approximately \$164,000. These amounts are determined by considering the impact of the hypothetical interest rates on our debt balance during this period.

For additional information concerning the terms of our fixed-rate debt see Note 7 to our December 31, 2006 financial statements included in our Form 10-K filed with the SEC on March 13, 2007.

ITEM 4. *Controls and Procedures.*

(a) As of March 31, 2007, the Company carried out an evaluation, under the supervision and with the participation of the Company’s management, including the Chief Executive Officer and the Chief Financial Officer, of the effectiveness of the design and operation of the Company’s disclosure controls and procedures pursuant to Exchange Act Rule 13a-15. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that, as of March 31, 2007, the Company’s disclosure controls and procedures were effective to ensure that (i) material information was properly disclosed by the Company in the reports filed or submitted by the Company under the Exchange Act, and (ii) such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

(b) There have been no changes in the Company's internal control over financial reporting during the quarter ended March 31, 2007 that have materially affected or are reasonably likely to materially affect our internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. *Legal Proceedings.*

On March 1, 2005, in an action styled *Sarah Cruz, et ano v. Town Sports International, Inc.*, plaintiffs commenced a purported class action against us in the Supreme Court, New York County, seeking unpaid wages and alleging that TSI LLC violated various overtime provisions of the New York State Labor Law with respect to the payment of wages to certain trainers and assistant fitness managers. On or about November 2, 2005, the complaint and the lawsuit was stayed upon agreement of the parties pending mediation. On or about November 28, 2006, the plaintiffs gave notice that they wished to lift the stay. On or about February 7, 2007, the plaintiffs made a motion requesting leave to file a Second Amended Complaint which seeks to add to the purported class all New York hourly employees and additional alleged violations of the provisions of the New York State Labor Law with respect to the payment of wages. TSI has opposed that motion and has agreed to mediate with respect to such employees. While we are unable to determine the ultimate outcome of the above actions, we intend to contest the case vigorously. Depending upon the ultimate outcome, this matter may have a material effect on TSI LLC's consolidated financial position, results of operations or cash flows.

TSI LLC and several other third parties have been named as defendants in an action styled *Carlos Urbina et ano v. 26 Court Street Associates, LLC et al.*, filed in the Supreme Court, New York County, on June 12, 2001, seeking damages for personal injuries. Following a trial, TSI LLC received a directed verdict for indemnification against one of TSI LLC's contractors and the plaintiffs received a jury verdict of approximately \$8.9 million in their favor. Both of those verdicts are being appealed and TSI LLC has filed an appeal bond in the amount of \$1.8 million in connection with those appeals. TSI LLC is vigorously opposing the appeal of the directed verdict and prosecuting the appeal of the jury verdict, which appeals were argued on May 16, 2006. Depending on the ultimate outcome, this matter may have a material effect on TSI LLC's consolidated financial position, results of operations or cash flows.

We are engaged in other legal actions arising in the ordinary course of business and believe that the ultimate outcome of these actions will not have a material effect on TSI LLC's consolidated financial position, results of operations or cash flows.

Item 1A. *Risk Factors*

A description of the risk factors associated with our business is contained in Item 1A, "Risk Factors," of our 2006 Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 13, 2007. These cautionary statements are to be used as a reference in connection with any forward-looking statements. The factors, risks and uncertainties identified in these cautionary statements are in addition to those contained in any other cautionary statements, written or oral, which may be made or otherwise addressed in connection with a forward-looking statement or contained in any of our subsequent filings with the Securities and Exchange Commission.

There have been no material changes to the risk factors described in the Form 10-K.

I, Robert Giardina, Chief Executive Officer of Town Sports International Holdings, Inc., certify that:

1. I have reviewed this quarterly report on Form 10-Q of Town Sports International Holdings, Inc.;
2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;
3. Based on my knowledge, the financial statements and other financial information included in this quarterly report fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this quarterly report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) for the registrant and we have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this quarterly report is being prepared;
 - (b) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (c) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting;
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent function):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls over financial reporting;
